

# United Wealth Education Income Disclosure Statement (JANUARY 2021 – DECEMBER 2021)

Income Disclosure Statement for January 1, 2021 through December 31, 2021  
The Income Disclosure Statement is a reflection of United Wealth Education' ("UWE") rewarding opportunity and represents the average global earnings of the ranks of UWE Agents.

The income statistics above are for all active UWE Agent who were enrolled during the period from January 1, 2021 to December 31, 2021. An "Active Agent" is defined as any person who: (1) executed a UWE Agent Agreement; (2) has sponsored at least one person; and (3) has received at least one commission from downline productivity.

The earnings of the Agents in this chart are not guarantees of the income, if any, that a UWE Agent can or will earn through his or her participation in the UWE Compensation Plan. The average Agent invests between \$100.00 and \$2,500.00 in expenses as they build their business.

Note that it takes hard work to make substantial income in this business and some Agents make no money at all. Success in this business requires leadership, hard work and dedication, just like anything you do in life.

During 2021, approximately 70% of individuals who executed a UWE Agent Agreement are considered inactive.
